

California Bluebird Recovery Program 2018 Annual Report

READER'S GUIDE FOR 2018 ANNUAL REPORT

This year's annual report fills 64 pages and is available on-line at http://www.cbrp.org/annual_reports/2018ar.pdf/. 39 trails are listed per page and sorted in alphabetic order by county then by trailname. The left-hand column of each page contains a reference number to facilitate following information for a specific trail over the eight pages of results. Trail and County totals are on the eighth page for each trail. Row 4 (headers) on each page shows totals, percentages, or averages for each column by trail or state. Rows 5 thru 310 show the results by trail. Small differences may appear when between the fledgling/box counts in the summary articles which appear in the Winter Newsletter ([Bluebirds Fly!](#)) and the annual report.

COLUMN HEADINGS – ABBREVIATIONS

Trail Boxes

SB – standard boxes (Bluebirds)

LB – large boxes (Barn Owl, etc.)

BIRD SPECIES ALPHA IDENTIFIERS

Alpha codes were designed by the Bird Banding Laboratory of the US Geological Survey at Patuxent Wildlife Research Center in Maryland. They generally signify the first two letters of the English names of the birds; e.g. Western Bluebird is WEBL, Acorn Woodpecker is ACWO. However, when the first given name is two words or hyphenated, the first letter of the first names are used as in Chestnut-backed Chickadee –CBCH. There are exceptions to the rule - when two birds would end up with the same code. An example is the Tree Swallow and the Trumpeter Swan, both of which would normally be TRSW. In this case, the Tree Swallow was given TRES and the swan, TRUS. Other than the Tree Swallow, all the rest of our cavity-nesters follow the conventional methods of naming except the Barn Owl which is BNOW. All birds on the American Ornithologists Union (AOU) have a unique four-letter Alpha Code which is easier to remember than the AOU numbers (and less confusing than bb for bluebird or chc for chickadee which could be any of 3 species). We urge all birders to use the professionals' alpha codes when reporting. Following, for your convenience, are the codes we have used on this and past reports.

ACWO	Acorn Woodpecker
AMKE	American Kestrel
ATFL	Ash-throated Flycatcher
BEWR	Bewick's Wren
BLPH	Black Phoebe
BNOW	Barn Owl

RBNU	Red-breasted Nuthatch
TRES	Tree Swallow
VGSW	Violet-green Swallow
WBNU	White-breasted Nuthatch
